

Michael Clark PhD

Michael Clark is Professor in Tissue Viability, Wound Healing Practice Development Unit, Faculty of Health, Birmingham City University, UK and Director of the Welsh Wound Network within the Welsh Wound Innovation Centre. A zoologist by training, Professor Clark has worked in tissue viability and wound healing since 1980.

Professor Clark is the Immediate Past President of the European Pressure Ulcer Advisory Panel and until the start of 2013 was Chief Executive of the Lindsay Leg Club Foundation. He was Editor in Chief of the Journal of Tissue Viability from 2000 to 2010 and now serves as Emeritus Editor of that publication.
