

PRELIMINARY PROGRAMME
EWMA · GNEAUPP · 2014 · 14-16 May

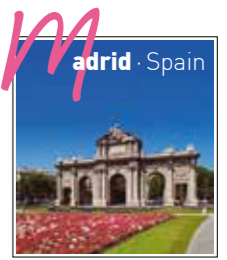

EWMA · GNEAUPP 2014

TIME	Room N103/104	Room N101/102	Room N105/106	Room N107/108	Room N109/110	Room N111/112	Room N113/114	Room Sala Retiro
TUESDAY 13 MAY								
17:00-20:00								
WEDNESDAY 14 MAY								
09:00-09:30					EWMA UCM: Initial gathering			
09:30-10:00	Opening Ceremony							
10:00-11:30	Plenary session: Innovation, Know-How, and Technology <i>Jan Apelqvist:</i> Introduction to innovations, know-how, and technology in the treatment of hard-to-heal wounds <i>Patricia Price:</i> Evidence – for good and bad <i>Peter Vowden:</i> Emerging targeted technology to address unmet clinical need – Implementing a development and adoption strategy <i>TBA:</i> Increased need for communication and information in health care – how to facilitate change <i>William McGuiness:</i> Organisation/multidisciplinary challenges – the changing realities in Australia							
11:30-13:45	Lunch and exhibition							
12:00-13:45	E-poster Sessions							
12:30-13:30	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored					Introduction course: Undergraduate students (11:45-13:15)	
13:45-15:00		Free Paper Session	Free Paper Session	Workshop: Infection, Colonisation, or Contamination? Is Early Diagnosis the Key? <i>Paulo Alves</i>	VWHA-EWMA Symposium on Veterinary Wound Management and Antimicrobial Resistance	Workshop: Meet the Experts: Everything You Want to Know about Maggot Therapy <i>Finn Gottrup:</i> Maggot therapy in a wound healing centre or maggot therapy from a surgical per-spective <i>Wim Fleischmann:</i> Maggots for the treatment of trauma injuries or in trauma surgery <i>Tonny Karlsmark:</i> Changes in the surrounding skin when treating with maggots or maggot therapy from a dermatologic viewpoint <i>Gerrolt Jukema:</i> Maggots: The (re)search for evidence or current concepts and scientific back-ground	Free Paper Session	Free Paper Session
15:00:15:30	Coffee break & poster session							
15:00:15:30	E-poster Sessions Industry-sponsored							
15:30-16:30	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	VWHA-EWMA Symposium on Veterinary Wound Management and Antimicrobial Resistance	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored
16:45-18:00	Key Session: From Clinical Evidence to Real World in Wound Healing <i>Zena Moore:</i> The use of evidence-based wound healing in real-life settings <i>Pedro L. Pancorbo-Hidalgo:</i> The influence of organisational models on the implementation of evidence-based wound care in clinical practice <i>José A. Esperón-Gúmil:</i> A clinician's view on the use of evidence-based chronic wound care in clinical practice	Key Session: Patient Perspectives <i>Zena Moore:</i> To debate why the patients perspective and the Wound Rights is of importance in wound management <i>Salla Seppänen:</i> To outline EWMA's role in patient advocacy <i>Patricia Price:</i> To explore the role of health literacy in enabling greater patient involvement in wound management <i>TBD:</i> To explore barriers and enablers to enhancing patient involvement with real life examples	Key Session: Vascular Wounds: Ulcers with Venous Origins <i>Arkadiusz Jawien:</i> Setting the scene: Indications for vascular assessment <i>Vicente Ibañez:</i> The epidemiology of chronic venous insufficiency and venous ulcers and their economic impact <i>TBD:</i> Compression therapy in venous ulcer healing <i>Fidel Fernández:</i> Is there an indication for invasive treatment in ulcer healing? The case for surgery and esclerotherapy	Workshop: Wound Care without Attention for Nutrition is Incomplete Wound Care; Focus on PUs! <i>Emanuele Cereda</i> <i>Jos Schols</i>		Workshop: Expert Reports on Lawsuits for Pressure Ulcers (Spanish) <i>J. Javier Soldevilla-Ágreda</i>	Workshop: Understanding the Science Behind Pressure Redistribution Devices – Bridging the Theory-Practice Gap <i>Menno van Etten</i>	ESPEN Guest Session
18:10-19:10						Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	

WEDNESDAY 14 MAY
 Registration 07:30-18:30 · Exhibition 09:30-17:00

PRELIMINARY PROGRAMME
EWMA · GNEAUPP · 2014 · 14-16 May

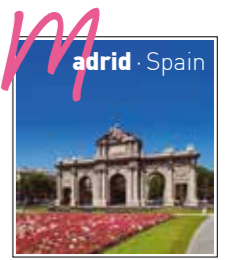

EWMA · GNEAUPP 2014

TIME	Room N103	Room N104	Room N101/102	Room N105/106	Room N107/N108	Room N109/N110	Room N111/N112	Room N113/N114	Room Sala Retiro
THURSDAY 15 MAY									
08:00-09:30	Free Paper Session	Free Paper Session	Diabetic Foot Day/ Pie Diabetico (IWGDF Session: The International Consensus Guidelines on the Diabetic Foot and implementation)	Free Paper Session	Workshop: Advanced Wound Care in Paediatric Patients <i>Juan Carlos López Gutiérrez:</i> Paediatric wound care for complicated wounds <i>Michael Clark:</i> Pressure ulcer prevention in paediatric care <i>TBD:</i> Using negative pressure wound therapy in children <i>Jos Vloemans:</i> Partial thickness burns in children	Workshop: Biofilms Limited number of seats	Workshop: Innovation with and for User Value Creation – Trends in Healthcare with Collaboration, Empowerment and Technological Development <i>Ana Maria d'Auchamp</i> <i>Marie Paldam Folker</i>	Ph.D. Group Session	Workshop: Debridement <i>Laurent Chabal</i> <i>Chantal Rosset</i> Limited number of seats
09:30-10:00	Coffee break								
09:30-10:00	E-poster Sessions								
10:00-11:00	Free Paper Session	Free Paper Session	Diabetic Foot Day/ Pie Diabetico (Status on overall implementation of Diabetic Foot Guidelines in Spain)	EWMA AGM	WAWLC Session: Update on defining a standard wound kit in resource poor settings	Workshop: EWMA Cooperating Organisations	Workshop: RUT (Registry of Ulcer Treatment) – how to reduce healing time by 60% in a period of 3 years (10:00-11:30) <i>Rut Frank Öien:</i> Why use RUT? <i>Christina Lindholm:</i> Pressure ulcers in RUT <i>Carolina Weller:</i> RUT internationally <i>TBD:</i> Discussion on how to implement RUT in Europe	Free Paper Session	
11:15-12:15	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	Diabetic Foot Day/ Pie Diabetico (Recent evidence: Diabetic Foot Infections and its impact on limb amputation and outcomes)						
12:15-14:15	Lunch and exhibition								
12:45-14:15	E-poster Sessions								
13:15-14:15	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	Diabetic Foot Day/Pie Diabetico (International Perspective on implementation)						
14:30-15:10	Honorary lecture <i>Christina Lindholm</i>								
15:10-15:40	Coffee break & poster session								
15:10-15:40	E-poster Sessions								
15:40-16:40	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored		Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored	Satellite Symposium Industry-sponsored
16:55-17:55	Key Session: A Broad Perspective on Infection: The Magnitude of Today's Problem <i>Volkmar Heppert:</i> Surgical salvage procedures after severe bone infection <i>TBD:</i> New types of hospital-acquired infections and the magnitude of the problem <i>Wim Fleischmann:</i> Infection after trauma wounds	Key Session: Interdisciplinary Perspectives on Wound Management <i>Zena Moore:</i> Background of the Interdisciplinary Document (Project Chair) <i>Robert J. Snyder:</i> Evidence for IDT in wound management <i>William McGuinness:</i> Barriers and facilitators of IDT in Wound Management <i>Zena Moore:</i> Presentation of the IDT Model described in the document <i>TBD:</i> Can working in teams lower the cost of healthcare delivery? Payment and incentive systems for the Interdisciplinary treatment model	Key Session: Challenges Associated with Saving the Infected Diabetic Foot <i>Jan Apelqvist:</i> Outcomes of diabetic foot infections in patients with neuroischaemic foot <i>Javier Aragón-Sánchez:</i> Limb salvage surgery for diabetic foot infections: When and how <i>Luca Dalla Paola:</i> Charcot foot complicated by osteomyelitis: A double challenge <i>Alberto Piaggese:</i> Ischaemia and infection. Limb salvage can be achieved in a multidisciplinary setting	SILAUHE Session (International Partner Organisation Session): Chronic wounds in the Health Systems of Latin America: differenties and similarities <i>Mara Blanck:</i> Different models of wound care in the Latin American countries <i>Rocio Gonzalez:</i> The formation of pre and post graduate wound care professionals in Latin America <i>Juana Jimenez Sanchez:</i> The different wound types in a clinical perspective in Latin America	Workshop: Russian Workshop I: Debridement Max: 30 participants	Workshop: How to Optimise the Performance of Postural Changes (Spanish) <i>Enrique Sanchís-Sánchez</i> <i>Montserrat Sánchez Lorente</i>	DEBRA Guest Session: EB: clinicial and family expertise – the best of both worlds <i>Evanina Morcillo Makow</i> <i>Natividad Romero Haro</i>	Workshop: Pain Management and Pain Relief in Wound Care <i>Elizabeth Mudge:</i> The mechanics and physiology of pain <i>Patricia Price:</i> How to assess and measure pain, and the effect on the individual <i>Christine Moffatt:</i> Guidance on managing pain	
19:00-01:00	Conference evening (not included in the registration fee)								

THURSDAY 15 MAY
 Registration 07:00-18:00 · Exhibition 09:00-17:00

PRELIMINARY PROGRAMME
EWMA · GNEAUPP · 2014 · 14-16 May

EWMA · GNEAUPP 2014

	TIME	Room N103	Room N104	Room N101/102	Room N105/106	Room N107/N108	Room N109/N110	Room N111/N112	Room N113/N114	Room Sala Retiro	
FRIDAY 16 MAY Registration 07:30-14:00 · Exhibition 09:00-14:00	08:00-09:30	Key Session: Oxygen and Hypoxia: New Aspects of a Central Problem <i>Joachim Dissemond:</i> Introduction to the subject of oxygen and hypoxia <i>TBD:</i> How much oxygen do wounds require? New aspects in pathophysiology <i>TBD:</i> How should oxygenation be measured? New aspects in diagnostics <i>TBD:</i> How to integrate oxygen in therapy: New aspects of treatment	GNEAUPP Symposium: Javier Soldevilla: 20th GNEAUPP Anniversary (08:00-08:30) <i>MmC. Rodriguez, Juana M Diaz, Jesús Ruiz Huerta, J. Soldevilla:</i> Stop the Pressure Ulcers Campaign (2010-2014) – To prevent is to give life (08:30-09:00) <i>Teresa Segovia, Paco Pedro Garcia, Javier Soldevilla:</i> Life Story: Teresa Segovia (09:00-09:30)	Key Session: Wound Care in the Home Care Sector	Key Session: Trauma Wounds: Modern Concepts to Improve Outcome <i>Michael Schintler:</i> Reconstructive surgery after trauma wounds <i>Corrado M. Durante:</i> Trauma wounds in peace support operations <i>Istvan Juhasz:</i> The burn wound – a challenging puzzle <i>Daniel Chaverri Fierro:</i> Trauma wounds related to work accidents: outcomes and complications	eHealth stream	Workshop: Key Points for a Successful Outcome in Diabetic Foot Wounds <i>Jose Luis Lazaro Martinez</i> <i>Esther Garcia Morales</i> <i>Juan Pedro Sánchez Ríos</i>	ETRS Guest Session: Inflammation and Regeneration	EWMA UCM Lecture <i>Grainne McCabe:</i> Seeking and finding the evidence	Workshop: Debridement <i>Laurent Chabal</i> <i>Chantal Rosset</i> Limited number of seats	
	09:30-10:15	Coffee break								EWMA UCM: Feed back session	
	10:15-11:15	Free Paper Session	GNEAUPP Symposium: <i>Pedro L. Pancorbo, José Verdú:</i> 4th National Study on the Prevalence of Pressure Ulcers in Spain – Study Methodology, 2001-2013 Trend (10:15-10:45) <i>Pablo López, Serafin Fernández, Antonio J Ramos:</i> GNEAUPP Web: Citizen's Section (10:30-10:50) <i>Pablo López, Serafin Fernández, Antonio J. Ramos, Javier Saldevilla, Francisco Pedro Garcia:</i> Positioning document n 12- Health 2.0 and Social Networks on Wounds (11:05-11:30) <i>Francisco Pedro Garcia, Javier Saldevilla:</i> GNEAUPP Technical Documents n 1 and 2 (2014): Prevention of Pressure Ulcers – Classification – Categorization of dependency-related injuries (11:30-12:0) <i>Manuel Rodriguez Palma:</i> Clinical identification of dependency-related injuries (12:00-12:30)	EWMA Education Session: Impact of Education <i>Emer Shanley:</i> The impact of education on prevention of leg ulcers – the patients' perspective <i>Alison Porter-Armstrong:</i> The impact of education on the prevention of pressure ulcers – the health professionals' perspective <i>William McGuinness:</i> The impact of education on team working – the service perspective <i>Peter Vowden:</i> The impact of education on care delivery – the economic perspective	Free Paper Session	Workshop: Use of Information Technology in Wound Care <i>Laura Morente</i> <i>Pablo Lopez Casanova</i>	Free Paper Session	Free Paper Session	Free Paper Session	Free Paper Session	
	11:30-12:30	Free Paper Session	EPUAP-EWMA Joint Session: Updated Pressure Ulcers Guidelines <i>Lisette Schoonhoven</i> <i>Paulo Alves</i>	Workshop: Clinical Photography in Wounds (Spanish) Limited number of seats (max. 70) <i>Gloria Segura-Jordá</i> <i>Pablo López-Casanova</i>	eHealth stream	Workshop: Russian Workshop II: Panel Discussion on Antibiotics versus Antimicrobials	Free Paper Session	Free Paper Session	Free Paper Session	Free Paper Session	
	12:30-13:30	Lunch and exhibition									
	13:30-15:00	Key Session: Surgical Site Infection: Where Are We Today? <i>Finn Gottrup:</i> What are the known mechanisms of SSI and which factors are responsible for the development of SSI? <i>David Leaper:</i> What is the present status of SSI? <i>Antonio Ramos Martinez:</i> The clinical handling of SSI: Where and how is it optimal? <i>José Verdú Soriano:</i> What can be done to decrease the incidence of SSI and what will the future show?	GNEAUPP Symposium: <i>Manuel Gago, Fernando Garcia:</i> Humor and healing. "You do the laughing, I can't" (12:30-13:30) Latest News in: (13:30-15:00) <i>Carmen Blasco, Ana Orbeagozo, JA San Sebastián:</i> Preventive materials for Pressure Ulcers <i>Justo Rueda, Fernando Martinez:</i> Wound Cleaning and Debridement <i>Teresa Segovia, Estrella Perdomo, Pilar Ibars:</i> Wound Diagnostic and Therapeutic Methods	Key Session: Innovation and Implementation of New Pressure Ulcer Knowledge <i>Francisco Pedro Garcia:</i> New paradigm in pressure ulcer classification <i>Erik de Laat:</i> Pressure ulcer care in critically ill patients <i>Guido Ciprandi:</i> Pressure ulcers in the paediatric population <i>Pablo Lopez Casanova:</i> How much value does repositioning have in prevention?	Key Session: eHealth and New Technologies for Wound Care		Workshop: Ostomy, Fistulas, and Peri-wound Skin Complications <i>Paulo Alves</i> <i>Isabel Morais</i>				
15:10-16:00	Closing Ceremony and Prizes
